It is our pleasure to host the 11th IEEJ Webinar for the World on May 24. “IEEJ Webinar for the World” is intended to, exclusively in English, offer not only our members but also our stakeholders such as policy makers, business leaders, and other distinguished professionals across the world with IEEJ’s existing research and analyses on global energy agendas. The first and foremost objective of this webinar is to discuss with participants from all over the world a set of global energy challenges especially faced with Japan and Asian countries.

In the 11th IEEJ Webinar for the World, based on the G7 Hiroshima Summit Communique to be issued on May 21 and the G7 Climate, Energy and Environment Ministers’ Communique already issued on April 16, we will discuss these impacts on climate and energy policies for both Japan and Asian countries. As a distinguished commentator, Mr. Shinichi Kihara, Deputy Director-General, Ministry of Economy, Trade and Industry (METI), will join us in the upcoming webinar. Mr. Kihara co-chairs the G7 Senior Official Meeting on Climate, Energy and Environment this year.
