The 23rd IEEJ Webinar for the World

We are pleased to invite you to the **23rd IEEJ Webinar for the World**.

The IEEJ Webinar for the World, conducted exclusively in English, aims to share IEEJ's latest research and analysis on global energy issues—such as carbon neutrality and other pressing challenges—not only with our members but also with stakeholders from think tanks, international organizations, and institutions worldwide.

The upcoming webinar will feature IEEJ's first energy outlook since the Strait of Hormuz blockade. The outlook explores how far electrification can advance and how the role of fossil fuels is projected to change over the coming decades. The webinar will also discuss pathways to achieving the 2°C target from multiple angles, including an evaluation of the Nationally Determined Contributions (NDC 3.0) of G20 economies and the crucial roles of Carbon Dioxide Removal (CDR) and adaptation.

1. Date and Time:
   Tuesday, 17 November 2026, 4:00-5:00 PM JST
   (3:00-4:00 PM SGT / 11:00 AM-12:00 PM GST / 7:00-8:00 AM GMT)

2. Platform: Zoom

3. Agenda:
   4:00-4:20 PM JST
   Presentation:
   "IEEJ Outlook 2027: The Expanding Dimensions of Energy Security and Emerging Challenges"

   Seiya Endo,
   Senior Economist,
   Energy Data and Modelling Center (EDMC)

   4:20-4:35 PM JST
   Presentation:
   "Toward achieving the 2°C target: Evaluation of G20's NDC 3.0 and the importance of CDR and adaptation"

   Soichi Morimoto,
   Senior Researcher,
   Climate Change Group, Climate Change and Energy Efficiency Unit

   4:35-5:00 PM JST
   Q&A Session

   (Moderator: Ichiro Kutani,
   Board Member,

Director, Energy Data and Modelling Center (EDMC))

5:00 PM JST

End of Webinar

4. Registration: https://us02web.zoom.us/webinar/register/WN_axc0EnYUQWCd4oJ_TTesSA

5. Language：English （* No Japanese interpretation will be provided）
