

The 3rd IEEJ Webinar for the World

On November 16th, we are honored to host the 3rd IEEJ Webinar for the World. “IEEJ Webinar for the World” is a webinar which is intended to, exclusively in English, offer not only our members but also stakeholders of think-tanks, international organizations, and other institutions from overseas with IEEJ’s existing research and analyses on global energy agendas such as carbon neutrality and other conundrums. The first and foremost objective of this webinar is to discuss with participants from all over the world a set of energy challenges faced with Japan and Asian countries.

The first event on July 6th was held only for invitees since it was just on a trial basis. From this 2nd webinar, as a result of having received favorable feedbacks from the attendees of the first trial, we initiated to allow all of our members as well as our foreign stakeholders to participate. For this 3rd webinar, we will feature “IEEJ Outlook 2022” which we released on October 15. We have been preparing this flagship global energy outlook since 2004 and it is one of the very few long-term global energy outlooks issued by independent research organizations in the world.

In case that you have already participated in the 439th Forum on Research Works on October 15th, please bear in mind that the content itself does not differ from what you learnt at the mid of this October. The main purpose of this webinar is to deepen, from Japan’s and Asian Countries’ perspectives, the global participants’ understanding about challenges and issues toward carbon neutrality. To reach this goal, we will encourage attendees to raise his or her question in their own voice with camera (N.B. One condition is that they allow us to upload this webinar’s video which partly includes the scene of Q&A session to our website).

1. Time/Date: 21:00-22:00 JST, November 16th, 2021
2. Webinar App.: Zoom
3. Agenda:
21:00~21:05 JST Introduction (MC: Mr. Kunie Taie, IEEJ)
21:05~21:40 JST

“IEEJ Outlook 2022”

Mr. Shigeru Suehiro, Manager, Econometric and Statistical Analysis Group,
Energy Data and Modelling Center, IEEJ

Mr. Yoshikazu Kobayashi, Manager, CCUS Group,
Fossil Energies & International Cooperation Unit, IEEJ

21:40~22:00 JST QA Session (Moderator Mr. Kunie Taie, IEEJ)

22:00 JST End

4. Language: English
