

The 10th IEEJ Global Energy Webinar

This time, by being honored to host Mr. Steve Hill, Executive Vice President of Shell Energy, we are to going offer our regular webinar focusing exclusively on Shell's LNG future outlook. In this webinar, we will feature "Shell LNG Outlook 2021 " that the Oil major just released recently. From 2017, Shell has updated their LNG outlook on a yearly term. In the latest edition, the company has implemented a thorough analysis of LNG market through 2020 under COVID-19 as well as, with a vastly accumulated data of LNG industry, provided LNG business trends LNG demand/supply outlook, and so forth. Based on these contents, Mr. Steve Hill is going to make an insightful presentation in the upcoming event.

In this session, you can expect for informative insights about LNG industry from the highly prominent expert. QA session is to follow the presentations. We are much looking forward to seeing you again in the 10th IEEJ Energy Webinar.
